

The 8th Asian Society of Sport Biomechanics Conference\_ Second Paper acceptance notification

No	Results	Presentation type	category	Title
0063	Accepted	Oral	Motion analysis and athletic sports motion	The Effect of post Knee Injury Recovery on Lower Limb Kinematics
0065	Accepted	Poster	Other disciplines	Investigation of Returning serve Techniques Among Elite Table Tennis Players
0067	Accepted	Oral	Muscle strength and conditioning, and training	Effect of Foot Strengthening Exercise on Navicular Drop Test and Foot Posture Index in Pes Planus: A Systematic Review and Meta-analysis
0069	Accept after minor revision	Poster	Gait, posture and balance	Correlations between dynamic postural stability index and impact force during single-leg lateral hop jump-landings
0070	Accept after minor revision	Poster	Neuromuscular biomechanics	The effects of gender differences on measures of asymmetry during neuromuscular control tests in elite basketball players
0071	Accepted	Poster	Muscle strength and conditioning, and training	Effect of the ground reaction force and postural stability between bilateral in lower limbs: Asymmetric index
0073	Accepted	Oral	Muscle strength and conditioning, and training	The effect of equal volume resistance training with different training frequencies on maximum muscle performance

0075	Accepted	Oral	Motion analysis and athletic sports motion	Kendo Performance: Influence of Attacking Time
0076	Accepted	Poster	Sports trauma and injury prevention	FMS Characteristic and Compensation Trend of Taiwan Elite Teenage Shooting Athletes
0078	Accept after minor revision	Poster	Muscle strength and conditioning, and training	Discussion The Difference of Upper Limb Muscle Activation in Female Volleyball Players at Different Serve Speed
0079	Accept after minor revision	Poster	Muscle strength and conditioning, and training	Electromyography Analysis of Marines' Grenade Throwing
0080	Accepted	Oral	Sports rehabilitation and therapy	Effects of different treatments on hand function for people with stenosing tenosynovitis
